

COLORED PENCIL BLENDING: LAVA LAMP

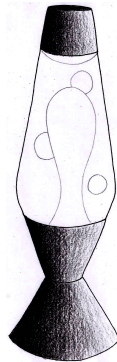

STEP 1:

Add shading to the base and the top, as shown.

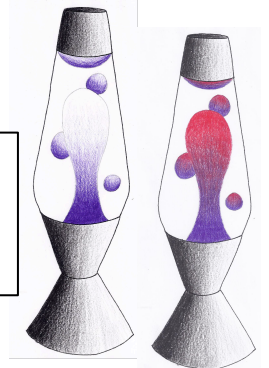

STEP 2:

Use a pencil to sketch the lava.

STEP 3:

Add color to the lava using a 2 color fade.

STEP 4:

Color the inside of the lamp, around the lava, with 1 opaque color.

TIP:

If your lava is a dark color, choose a light color for the background.

If your lava is a light color, choose a dark color for the background.
